

## Mark 9:2-9 Quiz

Jesus has been teaching and healing — and getting into a little \_\_\_\_\_ here and there with the Pharisees. But then he begins to reveal himself to his disciples as he really is — as the Son of God.

The Christ who revealed himself in all his glory to those three disciples two thousand years ago still \_\_\_\_\_ himself to us today.

George Washington Carver said: "I love to think of \_\_\_\_\_ as an unlimited broadcasting station through which God speaks to us every hour, if we will only tune in."

If we tune in, God will reveal Jesus in all his Godliness

- through the scriptures
- through nature
- through the \_\_\_\_\_
- through the witness of Christian men and women.

God is not through with you — whether you have accepted Christ as your savior or not. God is still transforming you, changing you every minute of your life — if you will just tune in to God. If you will listen to Jesus. If you will follow the leading of the Holy Spirit. If you will do that, you will continue to \_\_\_\_\_ into someone closer in relationship with God. You will continue to change into someone who makes disciples for Christ. You will continue to be transfigured — the whole world will see the true you, the person who has taken Christ as their personal savior and lord. Now, the world may not understand what they are seeing, just like the disciples did not understand what they were seeing up on that mountain that day. But these people you are witnessing to, may someday come to the revelation that they were seeing someone who had taken being a Christian as a way of \_\_\_\_\_.

As you go through this coming week, try to stay alert to hear God speaking to you — tune in. Watch for God. Try to understand where God is trying to lead you. Then go where God would take you — and you will experience a transfiguration — a whole new life.
